Appendix M #1: Reasonable Distance, Recertification Period, Family Share, Very Low Income, Federal and Local Priorities

I. Reasonable Distance

Define "reasonable distance" based on community standards for determining accessible child care.

1. The following defines "reasonable distance":

No more than 20 miles off the direct route from the caretakers home to the caretakers place of employment or the caretakers assigned employment activity.

2. Describe any steps/consultations made to arrive at your definition:

Representatives from the Department of Social Services and members of the community met to define reasonable distance.

II. Recertification Period

The district's recertification period for low income child care cases is every:

- Six months
- Twelve months

III. Family Share

"Family Share" is the weekly amount paid towards the costs of the child care services by the child's parent

or caretaker. Your district must select a family share percentage from 10% to 35% to use in calculating the amount of family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the district:

25%

Note: The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS).

IV. Very Low Income

Define "very low income" as it is used in determining priorities for child care benefits.

"Very Low Income" is defined as **175%** of the State Income Standard.

V. Federal and Local Priorities

1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.

a. Very low income as defined in Section IV:

- Rank 1
- Rank 2
- Rank 3

b. Families with incomes up to 200% of the State Income Standard that have a child with special needs and a need for child care:

- Rank 1
- Rank 2
- Rank 3

c. Families with incomes up to 200% of the State Income Standard that are experiencing homelessness:

- Rank 1
- Rank 2
- Rank 3

2. Does the district have local priorities?

- Yes
- No

If yes, list them below and rank beginning with Rank 4.

Appendix M #2: Case Openings, Case Closings, and Waiting List

I. Case Openings When Funds Are Limited

If a social services district does not have sufficient funds to provide child care services to all families who are applying, the district may decide to open certain categories of families as funds become available. The district must open federal priorities first. If the district identified local priorities, they must be opened next. **After the federal and local priorities**, identify the basis upon which the district will open cases if funds become available. Select one of the options listed below and describe the process for opening.

- 1. Open cases based on **FIRST COME, FIRST SERVED**.
- 2. Open cases based on **INCOME**.
- 3. Open cases based on **CATEGORY OF FAMILY**.
- 4. Open cases based on **INCOME AND CATEGORY OF FAMILY**.

List below the incomes (from lowest to highest income) or income bands (from lowest income band to highest income band), and the remaining category 2 and 3 families included in 18 NYCRR §415.2(a)(2) and 18 NYCRR §415.2(a)(3) that are not federal or local priorities in the order they will be opened first.

Priority will be given to employed Temporary Assistance (TA) recipients or for those participating in mandated employment and training activities; families eligible for transitional services whose TA case closed due to excess earned income, child support, client's request, or those applicants who choose to receive child care assistance in lieu of TA; families with incomes below 175% of the state income standard who fall within the categories of teen parents attending high school and child protective cases.

Once the above categories are open we will open categories that fall between 175% and 200% of the state income standard.

- 5. Open cases based on **OTHER CRITERIA**.

II. Case Closings When Sufficient Funds Are Not Available

If a social services district does not have sufficient funds to continue to provide child care assistance to all families in its current caseload, the district may decide to discontinue child care assistance to certain categories of families. The district must close federal priorities last. If the district identified local priorities, they must be closed next to last. **After the federal and local priorities**, describe the basis upon which the district will close cases if sufficient funds are not available.

If no priorities are established beyond the federally mandated priorities and all funds are committed, case closings for families that are not eligible under a child care guarantee and are not under a federally mandated priority must be based on the length of time they have received services (must choose #1 below).

Select one of the options listed below and describe the process for closing.

- 1. Close cases based on **AMOUNT OF TIME** receiving child care services.

If closing based on amount of time...

- The district will close cases starting from the shortest time receiving child care services to the longest time.

- The district will close cases starting from the longest time receiving child care services to the shortest time.
- 2. Close cases based on **INCOME**.
- 3. Close cases based on **CATEGORY OF FAMILY**.
- 4. Close cases based on **INCOME AND CATEGORY OF FAMILY**.
- 5. Close cases based on **OTHER CRITERIA**.

III. Waiting List

The district will establish a waiting list when there are not sufficient funds to open all eligible cases.

- No
- Yes

Appendix M #3: Fraud and Abuse Control Activities and Inspections

I. Fraud and Abuse Control Activities

1. Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments in addition to procedures for referring such applications to the district's front-end detection system.

Jefferson County has an approved Child Care FEDS plan. Indicators for the Child Care program are:

- Current application is inconsistent with prior case information
- Applicant has a prior history of denial, case closing, or overpayment resulting from an investigation (i.e. fraud, FEDS, EVR)
- Household composition and/or residence questionable
- Applicant self-employed but without adequate business records to support financial assertions

A FEDS screening is completed for applications using the districts approved Front End Detection System (FEDS) Child Care Referral (JC-1223). Indicators that cannot be resolved by Child Care eligibility staff require a referral for investigation to the Districts Investigations (Fraud) Unit.

2. Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

The district cannot use criteria such as the age of provider, the gender of provider, a post office box address, or evidence that the child lives in the same residence as the provider as indicators in drawing the sample.

Child care cases are recertified every twelve months at which time the district verifies the continued need for child care services by obtaining pay stubs, statements from employers, and school schedules. In addition to the front end detection system (FEDS) the District employs a back end detection system (BEDS) for investigative activity as well. BEDS referrals will be made to the Districts Investigations Unit by the Child Care Eligibility staff when discrepancies are identified.

3. Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

The Child and Adult Care Food Program (CACFP) sponsor will provide a list to the District's contract billing agent at each CACFP Inspection. The billing agent will randomly select 2 CACFP participants who are also receiving Child Care Subsidy payments through the district and compare the CACFP attendance record to the district's billing records for the same time period. CACFP inspections are required a minimum of 3 times per year.

II. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider/program that provides child care for subsidized children to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4(h)(3).

The district has the right to make inspections *prior to subsidized children receiving care* of any child care provider, including care in a home, to determine whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

1. Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
2. Violations by an enrolled or enrolling legally-exempt child care provider must be reported to the applicable Enrollment Agency.

Does the district choose to make inspections of such child care providers/programs?

- No.
- Yes. Provide the details of your inspections plan below.

The following *types* of subsidized child care providers/programs are subject to this requirement:

- Legally-Exempt Child Care**
- In-Home
 - Family Child Care
 - Group programs not operating under the auspices of another government agency
 - Group programs operating under the auspices of another government agency
- Licensed or Registered Child Care**
- Family Day Care
 - Registered School-Age Child Care
 - Group Family Day Care
 - Day Care Centers

List below the names and attach copies of the local equivalent form(s) that the district would like to use.

- 18. The district elects to use the OCFS-6025, Application for Child Care Assistance. The local district may add the district name and contact information to the form.

Appendix Q: Additional Local Standards for Child Care Providers

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies issued by the district. This appendix must be completed for **each** additional local standard that the district wants to implement.

The district must coordinate with the local Enrollment Agency, including, but not limited to:

- Informing the Enrollment Agency of the intent to request an additional standard.
- Developing the stepwise process referenced in Question 5.
- Ensuring that no significant burden of work shall be incurred by the Enrollment Agency as a result of the additional local standard, unless such work is addressed in a separate contract or a formal agreement is in place, which are referenced in Question 3.
- Sharing any consent/release form that may be required.
- Keeping the Enrollment Agency informed of the approval status.

1. Select the additional local standard that will be required of child care providers/programs.

- Verification, using the district's local records, that the provider has given the caretaker complete and accurate information regarding any report of child abuse or maltreatment in which he or she is named as an indicated subject
- Local criminal background check
- Require providers caring for subsidized children for 30 or more hours a week participate in the Child and Adult Care Food Program (CACFP).
Note that districts are required to notify the Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, of all providers on the referral list for whom the requirement is "not applicable."

2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district's jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.

Note: The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is "not applicable" to the specific provider/person named on the referral list.

Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

a. The district will not apply this additional local standard when the applicable person **resides** outside of the subsidy-paying district.

b. The district will not apply this additional local standard when the **program's site of care is located outside** of the subsidy-paying district.

c. The district will not apply this additional local standard when **the informal provider is younger than 18 years** of age.

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

- Local social services staff
Provide the name of the unit and contact person:
- Contracted agency (must correspond to Appendix K, Question 3b)
Provide the name of the agency and contact person:

Note: Costs associated with the additional local standard cannot be passed on to the provider.

4. Are there any fees or other costs associated with the additional local standard?

- Yes
- No

Note: Costs associated with the additional local standard cannot be passed on to the provider.

5. Describe, in chronological order, the steps for conducting the additional local standard. Include how the district will retrieve referrals from CCFS, communicate with providers and other applicable persons, determine compliance with the additional local standard, inform the Enrollment Agency whether the additional local standard has been "met," "not met" or is "not applicable" and monitor its timeliness. Include all agencies involved and their roles. Note that the district's procedures must be in accordance with 12-OCFS-LCM-01.

6. Indicate how frequently the additional local standard will be applied. Answer both questions.

1. The Standard will be applied:

- At initial enrollment and re-opening
- At each re-enrollment

2. The district will assess compliance with the additional local standard:

- During the enrollment **review** period, and the district will notify the Enrollment Agency of the results within 25 days from the E-Notice referral date.*
- During the 12-month enrollment period, and the district will notify the Enrollment Agency of the results promptly. Note that this option is always applicable to an additional local standard requiring participation in CACFP.*

II. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four (4) differential payment rate categories. For the two (2) categories that require a state minimum five percent (5%) differential payment rate, the district must enter "5%" or, if it chooses, a higher rate up to 15%.

The other two (2) differential payment rate categories in the table below are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). Note that if the district selects a differential payment rate for nationally accredited programs, then that rate must be in the range of five percent (5%) to 15 percent (15%).

2. Generally, differential payment rates may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. However, if your district wants to establish a payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

If your district will pay for breaks in activities, indicate below for how long of a break that the district will pay for (check one):
