KATHY HOCHUL  
Governor

SHEILA J. POOLE  
Commissioner

February 9, 2022

Dear Chief Executive Officer,

Thank you for submitting Cayuga County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2021-2022. Your entire STSJP plan, including any amounts listed for PY 2021-2022 STSJP-RTA, has been **approved.**

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2022, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2021 to September 30, 2022. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

### PART I – MUNICIPALITY LEVEL DETAILS

#### A. MUNICIPALITY LEVEL ANALYSIS

- (a) Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS), enter the youth justice system, are remanded to detention, and/or are residentially placed; and  
(b) Discuss what factors may be contributing to these high numbers:

The city of Auburn (13021) is the population center of the county and has the largest school district. The majority of JD arrest come from Auburn. In 2020, Cayuga County, NY had a population of 76.2K with a median age range of 42.9 and a median household income of \$58,377. The population of Cayuga County, NY is 92.1% white, 4.4% black or African American, and 3.1% Hispanic or Latino. As the population center, the city is the source of most commerce, school districts and the largest municipal police force.

The City of Auburn has the highest number of residents living below the poverty level and has the highest unemployment individuals of the entire county. These factors contribute to the City of Auburn having the highest numbers of YO, AO, JO and JD and PINS enter the Juvenile Justice System, being remanded to Detention and/or being placed residentially.

Over all community wide, the Factors that impact the numbers of youth at risk for contact with the juvenile justice system or deeper penetration of the JJ system include how COVID disrupted traditional in-person treatment and support services for kids and families. Telephone and video treatment are poor substitutes for interactive groups. Remote learning is a challenging substitute for the structure of classroom instruction and the fatigue caregivers/providers/parents/teachers/kids are experiencing contributes to systems that must divert attention away from their core services to managing the changing COVID landscape. We've seen increases in anxiety, depression and substance use in youth and adults. Family systems have too much on their plate.

2. Resources available at the following link can help you answer these questions:

<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>

(a) In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan.)

Race/Ethnicity	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	811	5	6	40	3	43
White	13,169	88	9	60	3	43
Native American/Alaskan	49	0	0	0		
Asian/Pacific Islander	159	1	0	0		
Hispanic	713	5	0	0	1	14

Sex Assigned at Birth	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	7,723	52	11	73	6	86
Female	7,178	48	4	27	1	14

b) If you identified any disparities when comparing youths' representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

There was a disproportionate representation of Black/African American and Hispanic youth in the Detention Placement and Placement Admissions in 2020. The Families Access to Services Team will be implementing a blind review process whereby the names and ethnicity of the youth being discussed will not be shared when completing case reviews, discussing case plans, and potential court action. This process will help address implicit bias by allowing for decision making that is based on specific case information and the services needs of the youth and guards against bias.

**B. LOCAL COLLABORATION**

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

The Family Accessing Services Team, a multi-stakeholder entity that includes, MH, DSS, Probation, School Districts and providers, informs our overall family and youth services work as well as STSJP planning, implementation and monitoring. FAST is strategic in identifying impactful programming and deploying it in families. FAST utilizes youth and family advocates as both paid and volunteer staff so we have a continual feedback loop on our effort to identify and meet youth and family needs. Their voices are critical to our work.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

In October 2016, Cayuga County received a four-year System of Care Expansion grant from the Substance Abuse and Mental Health Services Administration (SAMHSA) to enhance our current System of Care (SOC) through an

initiative called Families Access to Services Team (FAST). We aimed to improve accessibility to programs for at-risk children/youth and their families through an expanded multi-system single point of access process. We also expanded the use of four programs: SafeCare, Positive Parenting Program (Triple P), Functional Family Therapy (FFT) and Multisystemic Therapy (MST). In addition to these programs, Cayuga County joined the New York State High Fidelity Wraparound pilot as part of our SAMHSA grant. Program participant data was collected from several sources. Program providers supplied administrative records data for all participants at the time of enrollment (via FAST referral) and discharge from programs. In addition, a local data collector interviewed some participants, which provided additional information about their experiences and impressions of programs. Additional data about the HFW pilot program was available from the Wrap-NY website, which contains digital health information. We were able to incorporate a youth peer advocate and a parent peer advocate into our system of care.

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the municipality implementation plan to develop such feedback mechanisms during PY 2021-2022. Cayuga Count stresses the importance of youth and family voice and choice. We encourage youth and families to be active participants in our System of Care and members of the FAST team. We currently have two parent peers and one youth peer.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes  No

If yes, please describe how the plan incorporates that feedback; if no, please describe the municipality implementation plan to develop such feedback mechanism during PY 2021-2022.

Cayuga Count stresses the importance of youth and family voice and choice. We encourage youth and families to be active participants in our System of Care and members of the FAST team. We currently have two parent peers and one youth peer.

**C. COOPERATIVE APPLICATION (COMPLETE THIS SECTION ONLY IF THIS IS A JOINT APPLICATION.)**

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

Yes (If Yes, please provide their contact details below.)

No (If No, skip to Q4.)

Officer's Name:	Title:
Phone: ( )	Ext:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

**B. PROGRAM 1 DESCRIPTION AND TARGET POPULATION**

1. A Family Support Service program (FSS) may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS. This program meets the legal definition of a **Family Support Services (FSS) program (Social Services Law Section 458-m)** and will operate in this capacity for PY 2021-2022.  Yes  No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2021-2022:

\*Note: If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program.

3. Please list the ZIP codes this program will target:  
13021,13092, 13140, 13152, 13071, 13118, 13166

4. Describe the program, including how it is family focused. If you answered "Yes" to Q1 (FSS), be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q2 will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the STSJP Annual Plan Development Guide for additional guidance.)

The program is a four bed free-standing respite that is OCFS certified as a group home with the required staffing pattern and supports to maintain youth, transport them to school and meet their basic needs. Other services are wrapped around the youth that are not STSJP funded. The program, as an early intervention strategy, is used for youth at-risk of becoming a JD/PINS by de-escalating home, community and school issues via crisis or planned breaks and wrapping other services around the youth and family. Respite staff teach pro-social and coping skills. When used as an alternative to detention, the program's supervision model monitors youth to make sure they attend all Family Court appearances and are not arrested or re-arrested. Case Managers, trained in trauma-informed practice and using a restorative justice approach, will provide 24/7 support to the youth and families and work in partnership with them to develop and implement individualized plans to meet their social, emotional, behavioral, environmental and safety needs. Case Managers collaborate with schools, family courts and community-based programs to address the areas of concern.

5. Is the program capable of being replicated across multiple locations?  Yes  No

**C. PROGRAM 1 PERFORMANCE HISTORY (REFER TO YOUR MUNICIPALITY'S STSJP DATA FILES.)**

1. What, if any, funding did this program receive in PY 2020-2021? If the program was approved in PY 2020-2021, but was not implemented or is anticipated to serve no youth, please choose None.  
 None (If none, skip to section D.)  STSJP  STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

STSJP-RTA	0	0			0	0	0	0	0
Total	0	32	0	0	0	0	0	0	32

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2021? Please explain:

We would anticipate this program serving more than its projected capacity on 9/30/21. Due to the COVID 19 pandemic, there were times when the facility was quarantined and short staffed and therefore, they could not take as many youth as we anticipated. We also anticipate an increase in the utilization of respite when Family First starts.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

STSJP-RTA	0.00	0.00			0.00	0.00	0.00	0.00

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

The average length of service is comparable to what we would expect for that service. Youth are able to be placed in respite for up to 21 days. Since this placement also functions as a group home, there is some flexibility for children placed in foster care. However, we were still able to keep the average length of stay under 21 days.

6. Will this program's outcomes meet the PY 2020-2021 projected goals by 9/30/2021?

8. (a) What outcomes are not on track to meet the goals set for PY 2020-2021? (b) Please describe any contributing barriers.

The Restorative Case Management (RCM) Program provides evidence-based intensive case management to youth as an early intervention and alternative to detention/pre-dispositional placement. When the program is used as early intervention, it works with at risk youth to prevent prevent further penetration into the system. When used as an alternative to detention, the program's supervision model monitors kids to make sure they attend all Family Court appearances and are not arrested or re-arrested. Case Managers, trained in trauma-informed practice and using a restorative justice approach, will provide 24/7 support to the youth and families and work in partnership with them to develop and implement individualized plans to meet their social, emotional, behavioral, environmental and safety needs. **PART III – Goals for PY 2021-2022**

Please set the municipality's goals for its programs to achieve in PY 2021-2022. State-required outcomes have been included with space for you to identify what programs in **Part II-Program Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.
