**ANDREW M. CUOMO**  
Governor

**SHEILA J. POOLE**  
Commissioner

March 30, 2021

Dear Chief Executive Officer,

Thank you for submitting Jefferson County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2020-2021. Your entire STSJP plan, including any amounts listed for PY 2020-2021 STSJP-RTA, has been **approved.**

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2021, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2020 to September 30, 2021. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at [stsjp@ocfs.ny.gov](mailto:stsjp@ocfs.ny.gov) and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

#### **NOTE:**

#### **Cooperative Applications Submitted Jointly by Two or More Counties**

Two or more eligible local jurisdictions (counties) may join together to establish, operate and maintain STSJP programs, and may enter into agreements in connection therewith. Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section A. Cooperative Application.**

### PART I – MUNICIPALITY LEVEL DETAILS

#### A. Cooperative Application (Complete this section only if this is a joint application.)

1. Describe the provisions for the proportionate cost to be borne by each county.
  2. Describe how personnel will be compensated across and between counties in the cooperative:
  3. Will a single fiscal officer be the custodian of the funds made available for STSJP?  
 Yes (If yes, please provide their contact details below.)  
 No (If no, skip to Q4.)

4. Describe who will be responsible for collecting and submitting STSJP data for joint-funded programs:

#### B. Municipality Level Analysis

1. (a) Identify communities or neighborhoods from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; then (b) Discuss what factors may be contributing to these high numbers:

Jefferson County (founded in 1805) is a very rural county which boasts 1,857 square miles. This makes it the fourth largest county in NYS geographically. It boasts a population of only 109,834 as of the 2019 census. It has one city (Watertown), as well as 63 towns, villages and hamlets. The population of the City of Watertown is currently at

25,234 which represents 23% of the entire county population and also a -6.62% decrease in population from the 2010 census. The City of Watertown is the county seat and is our only urban area. It has one hospital, shopping mall, substance abuse treatment centers and community college. It has the only mass transit (Citi Bus system). It only stands to reason that the highest number of youth entering the criminal justice system come from our highest concentration of population. These locations include the City of Watertown as well as Ft. Drum, a large military installation and surrounding towns. The towns surrounding Ft. Drum include Carthage, Watertown, Evans Mills, Theresa and Antwerp. Due to the population increase from soldiers and dependants on Ft. Drum, there is a corresponding increase in referrals to probation.

2. (a) Compare the racial/ethnic distributions among your local system’s detention and/or residential placements with the racial/ethnic distributions in your municipality’s general population; then (b) Discuss any racial/ethnic disparities you identified and how this plan will address the disparities:

The City of Watertown is comprised of 83.84% White, 8.02% Black, 4.63% two or more races, 1.35% Asian, 1.01% Native American and about 1% other. Approximately 93% are English speaking, 5% are Spanish speaking and 2% other. No disparities or disproportionalities exist within our system. The arrests in Jefferson County correspond to the percentages and our programs serve all youth, regardless of race or ethnicity.

**C. Local Collaboration**

1. STSJP legislation requires local collaboration. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Due to the rural composition of our County, we work in conjunction with a variety of agencies to ensure the best possible outcome for the juveniles and their families. With respect to JD's and AO's, immediately after receiving the police paperwork, the Officer accesses a full gamut of service providers. They contact the arresting agency, the school district, any and all mental health and substance abuse providers and any outside agencies that are affiliated with the youth in an attempt to better assess the situation. This communication stays open throughout the entire process as the information is dynamic and ever changing. If a juvenile is on supervision, the exact same procedure is followed, yet the Officer works to develop the current services to meet the needs of the youth. To develop services, we work in conjunction with all service providers to either modify or increase services that the youth may require. This is based off the information conducted during an Intake with the youth and the family, which includes a validated risk assessment (YASI) to determine risk factors and strengths of the family and youth. In addition, we work with Youth Court, Childrens Home of Jefferson County, Teen Center, mental health and substance abuse providers and our local school districts. Our Department is completely immersed in the local youth community.

**B. Program 1 Description and Target Population**

1. This program meets the legal definition of a **Family Support Services (FSS) program (Social Services Law Section 458-m)** and will operate in this capacity for PY 2020-2021.  Yes  No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2020-2021:

STJSJP	STJSJP-RTA	
<input type="checkbox"/>	<input type="checkbox"/>	Prevention (P)
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	Early Intervention (EI)

<input type="checkbox"/>	<input type="checkbox"/>	Reentry / Aftercare (R / A)
<input type="checkbox"/>	<input type="checkbox"/>	Indirect Services

3. Please list the zip codes this program will target:  
13601, 13619, 13673, 13605

4. Describe the program, including how it is family focused. If you answered “yes” to Q1 (FSS), be sure to demonstrate how your program meets the definition. Also, please explain how each of the service types selected in Q2 will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them.

The Youth engage in programs that utilize prosocial activities in a targeted strategy to engage youth at risk of becoming, or alleged to be, a JD or PINS, to prevent further involvement in the youth justice system. These programs include Law Related Education Classes, Thinking for a Change, Why Try, and/or Anger Management Classes. The Youth begin to understand how their behavior impacts their own future, family and community. They also learn skills to overcome obstacles in their lives. These programs address criminogenic risks and needs. Additionally, they serve youth who might otherwise be placed in a residential facility, but they can be maintained in the community with the support of these programs. This program serves both STJSJP and RTA youth.

5. Is the program capable of being replicated across multiple locations?  Yes  No

**C. Program 1 Performance History** (Refer to your municipality’s STJSJP data files.)

1. What funding did this program receive in PY 2019-2020?  
 None (If none, skip to section D.)  STJSJP  STJSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2019 and 3/31/2020. Enter zero (0) if not applicable.

Approved Funding	Program Type							ATP	R/A	Total
	P	EI	ATD/ATPDP							
			(PINS)	(JO/JD)	(JD-RTA)	(AO)				
STJSJP	0	2	0	0	0	0	1	0	3	
STJSJP-RTA	0	1			0	0	0	0	1	
Total	0	3	0	0	0	0	1	0	4	

3. Based on the program’s record of youth served (Q2), do you anticipate this program being over or under its budgeted capacity on 9/30/2020? Please explain:  
At this point, due to COVID-19, I would anticipate we should be under budgeted capacity due to not having clients reporting in for several months.

4. Please use the table to record the **average lengths of service (days)** for youth who exited the program between 10/1/2019 and 3/31/2020. Enter zero (0) if not applicable.

Approved Funding	Program Type							
	P	EI	ATD/ATPDP				ATP	R/A
			(PINS)	(JO/JD)	(JD-RTA)	(AO)		
STSJP	0.00	9.00	0.00	0.00	0.00	0.00	9.00	0.00
STSJP-RTA	0.00	9.00			0.00	0.00	0.00	0.00

5. How do the average lengths of service (Q4) compare to what you would expect for that point? For ATD/PDP and ATP points, compare with the average lengths of stay for youth who were in detention and residential placements during the same time period.

We have only 18 total days of service which represents a significant lower number than if the youth were to be placed in a juvenile detention program with an average length of stay of 6-8 months or a residential program with an average length of stay of 9-12 months. As a result, it appears that this program significantly helps provide intervention and reduces our numbers of detentions and residential placements.

6. Will this program's outcomes meet the PY 2019-2020 projected goals by 9/30/2020?

Yes (If yes, skip to section D.)     Partially     No

7. (a) What outcomes are on track to meet the goals set for PY 2019-2020? (b) How will they be met?

With the pandemic slowing down and Family Court gradually reopening, our Department foresees our number of referrals will resume to our projected goals.

8. (a) What outcomes are not on track to meet the goals set for PY 2019-2020? (b) Please describe any contributing barriers.

Our goal was to serve 10 youth, however, we only served four. For seven months, March to September, we had no referrals due to Covid 19. Had the pandemic not occurred, we were on track to have met our goals.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2020-2021?

The barriers identified are directly related to the recent pandemic and are therefore, out of our control.

A Case Manager is assigned to the youth and his/her family. They work with the youth, family, and all service providers in the community, home and school to help enable the families to sustain long-term changes. Additionally, the Case Manager is able to expedite mental health services, offer respite services, transportation and/or other services that meet the needs of the youth. The program is designed to assist with immediate crisis intervention especially in the off hours. This program utilizes pro-social activities that engage at-risk youths to avoid deeper and further penetration into the juvenile justice system. This program serves both STSJP and RTA youth.

3. Based on the program’s record of youth served (Q2), do you anticipate this program being over or under its budgeted capacity on 9/30/2020? Please explain:  
I would anticipate this program will be under or at anticipated budgeted capacity. This program is capable to service up to ten (10) youths and we have never exceeded that number.

4. Please use the table to record the **average lengths of service (days)** for youth who exited the program between 10/1/2019 and 3/31/2020. Enter zero (0) if not applicable.

5. How do the average lengths of service (Q4) compare to what you would expect for that point? For ATD/PDP and ATP points, compare with the average lengths of stay for youth who were in detention and residential placements during the same time period.

The lengths of service were a little higher than anticipated due to the very high risk nature of the cases involved. Despite the slightly higher numbers, they are significantly lower than the average length of stay in a detention facility or a residential placement facility. The numbers in this chart represent seven (7) total youth; STSJP served six (6) youth and STSJP-RTA served one (1) youth.

It is used to cover overtime costs of Probation Officers when making evening and weekend home visits as well as electronic monitoring. Additionally, we purchase small amount gift cards, pay membership fees, and purchase transportation vouchers to use as a reward and/or incentive for positive behavior. Our Department conducts numerous community service projects and the snacks/beverages for this graduated sanction is a part of this program. This program targets criminogenic needs of the youth involved. This program serves adjudicated youth who might otherwise be placed in a residential facility, but with the assistance of this program, can be maintained in the community. This programs serves both STSJP and RTA youth.

3. Based on the program’s record of youth served (Q2), do you anticipate this program being over or under its budgeted capacity on 9/30/2020? Please explain:  
We anticipate to be under budget primarily due to a reduction in juvenile numbers as well as the pandemic (COVID-19) which has reduced services.

4. Please use the table to record the **average lengths of service (days)** for youth who exited the program between 10/1/2019 and 3/31/2020. Enter zero (0) if not applicable.

5. How do the average lengths of service (Q4) compare to what you would expect for that point? For ATD/PDP and ATP points, compare with the average lengths of stay for youth who were in detention and residential placements during the same time period.

Our average lengths of service appear to be as we anticipated during this time period. We put a great deal of effort into reducing placements and the total number of days in the above chart is substantially lower than average lengths of stay in detention facilities or residential placement facilities.

6. Will this program's outcomes meet the PY 2019-2020 projected goals by 9/30/2020?  
 Yes (If yes, skip to section D.)     Partially     No

7. (a) What outcomes are on track to meet the goals set for PY 2019-2020? (b) How will they be met?  
 With the pandemic slowing down and Family Court gradually reopening, our Department foresees our number of referrals will resume to our revised projected goals.

8. (a) What outcomes are not on track to meet the goals set for PY 2019-2020? (b) Please describe any contributing barriers.  
 Our goal was to serve 15 youth, however, we only served five. For seven months, March to September, we had no referrals due to Covid 19. Had the pandemic not occurred, we would have been closer to meeting our goals. Therefore, we have adjusted our goals accordingly for this upcoming year.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2020-2021?  
 The barriers identified are directly related to the recent pandemic and are therefore, out of our control. Additionally, we have reset our goals.
