SHEILA J. POOLE
Commissioner

June 23, 2021

Dear Chief Executive Officer,

Thank you for Orange County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2020-2021. Your entire STSJP plan, including any amounts listed for PY 2020-2021 STSJP-RTA, has been **approved.**

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2021, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2020 to September 30, 2021. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

NOTE:

Cooperative Applications Submitted Jointly by Two or More Counties

Two or more eligible local jurisdictions (counties) may join together to establish, operate and maintain STSJP programs, and may enter into agreements in connection therewith. Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section A. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Cooperative Application (Complete this section only if this is a joint application.)

1. Describe the provisions for the proportionate cost to be borne by each county.

NA

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

Yes (If yes, please provide their contact details below.)

No (If no, skip to Q4.)

Officer's Name:

Title:

Phone: ()

Ext:

Email:

4. Describe who will be responsible for collecting and submitting STSJP data for joint-funded programs:

B. Municipality Level Analysis

1. (a) Identify communities or neighborhoods from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; then (b) Discuss what factors may be contributing to these high numbers:

Orange County has a population of 384,940 and covers 811.7 miles. There are 42 municipalities in the county including 20 towns, 19 villages and 3 cities. The three cities are Newburgh, Middletown and Port Jervis. The population of these cities are Newburgh - 28,177, Middletown - 28,189 and Port Jervis - 8558. A significant number of

families living at or below the poverty line reside in the three cities. Census Bureau estimates in 2019 show the percentage of persons living in poverty as follows: Newburgh - 29.5%, Middletown - 16.6% and Port Jervis - 18.8%. The three cities have the highest number of JD and PINS petitions entering the juvenile justice system. The cities of Newburgh and Middletown have the largest representation within the juvenile justice system.

2. (a) Compare the racial/ethnic distributions among your local system's detention and/or residential placements with the racial/ethnic distributions in your municipality's general population; then (b) Discuss any racial/ethnic disparities you identified and how this plan will address the disparities:

Census estimates as of July, 2019 show 62% of Orange County residents are white alone (not Hispanic or Latino), 13.2% are black alone (not Hispanic or Latino) and 21.6% identify as Hispanic or Latino. OCFS juvenile detention statistics for 2019 show 25% of detention admissions were for white youth, 19% for black youth and 56% were for hispanic youth. Though there were some hispanic youth with multiple admissions during 2019, their exists disparity between overall population racial and ethnic background with juvenile detention admissions. Orange County's STSJP plan addresses the identified disparity by providing "front loaded" services to all youth entering the juvenile justice system in our three cities. Census estimates show City of Newburgh's population is 75.2% black and/or Hispanic and City Middletown is 62.3% black and/or Hispanic. By providing all youth upon arrest in both Newburgh and Middletown with voluntary Family Engagement Specialist services to assist them in meeting needs and navigating the juvenile justice system we continue to see better outcomes for our youth within these cities. Additionally, our Children's Cross System Team considers cultural barriers when conferencing cases and assigns services best suited to address each individual family and youth needs. All juvenile justice statistics disseminated by the Children's Cross System Team/Raise the Age Coordinator are reported with race and ethnicity included to inform county decision makers of disparity issues.

C. Local Collaboration

1. STSJP legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Orange County continues to work collaboratively with all juvenile justice involved agencies. In response to changes in the PINS system, OC has implemented a Children's Cross System Team that meets regularly to conference cases and identify service gaps. Additionally, the Children's Cross System Coordinator (formerly JDAI Coordinator) updates members of the juvenile justice team (formally JDAI Collaborative) including law enforcement, Attorney for Children, courts, etc. on current trends in our system and elicits feedback and ideas including service needs.
