SHEILA J. POOLE
Commissioner

December 1, 2020

Dear Chief Executive Officer,

Thank you for submitting Oswego County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2020-2021. Your entire STSJP plan, including any amounts listed for PY 2020-2021 STSJP-RTA, has been **approved.**

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2021, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2020 to September 30, 2021. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

NOTE:

Cooperative Applications Submitted Jointly by Two or More Counties

Two or more eligible local jurisdictions (counties) may join together to establish, operate and maintain STSJP programs, and may enter into agreements in connection therewith. Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section A. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. Cooperative Application (Complete this section only if this is a joint application.)

- Describe the provisions for the proportionate cost to be borne by each county.
 - Describe how personnel will be compensated across and between counties in the cooperative:
 - Will a single fiscal officer be the custodian of the funds made available for STSJP?
 Yes (If yes, please provide their contact details below.)
 No (If no, skip to Q4.)
- | | |
|-----------------|----------------------------------|
| Officer's Name: | Title: |
| Phone: () | Ext: Email: |
- Describe who will be responsible for collecting and submitting STSJP data for joint-funded programs:

B. Municipality Level Analysis

- (a) Identify communities or neighborhoods from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS) enter the youth justice system, are remanded to detention, and/or are residentially placed; then (b) Discuss what factors may be contributing to these high numbers:

Oswego County is primarily rural with two cities, and nine school districts. The cities, Fulton and Oswego, have the highest number of JD, PINS, YO and AO cases. This is based on overall population.

According to YASI dynamic risk factor domains, the highest need areas for at risk youth continues to be family issues, legal history, school issues, skills, mental health and violent history. Crimes most likely to result in detention include sexual assaults, use of and sale of illicit substances, and being physically combative to caregivers.

2. (a) Compare the racial/ethnic distributions among your local system’s detention and/or residential placements with the racial/ethnic distributions in your municipality’s general population; then (b) Discuss any racial/ethnic disparities you identified and how this plan will address the disparities:

According to the most recent statistics available, roughly 95% of Oswego County's population is white. And, information from OCFS indicates that roughly 85% (7 of 8) of youth placed in secure or non-secure detention from 1/1/18 to present were white. As such, there does not appear to be any significant racial/ethnic disparity between the general population and our local system's detention/placements.

C. Local Collaboration

1. STSJP legislation requires local collaboration. Please describe your municipality’s activities in developing this year’s STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

This plan was developed by Probation in conjunction with the Department of Social Services (DSS), Cayuga Counseling Center and the the county's Youth Bureau. As DSS manages funding for detention, they assisted in determining the appropriate amount to recommend be shifted from the detention allocation. Probation worked with Cayuga Counseling Center to design a respite program to meet the needs of justice involved youth. The Youth Bureau collaborated with Probation to create a school-based program to help prevent youth identified as high risk from becoming involved in the juvenile justice system.

3. Please list the zip codes this program will target:
 13126, 13036, 13114, 13145, 13302, 13069, 13074, 13135, 13142, 13168, 13044

4. Describe the program, including how it is family focused. If you answered “yes” to Q1 (FSS), be sure to demonstrate how your program meets the definition. Also, please explain how each of the service types selected in Q2 will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them.
 Probation supervision works with youth (JD and PINS) and their family/guardians to address needs and reduce problematic behavior. This is accomplished through direct intervention by probation officers and referral/collaboration with support services such as Preventive Services and FFT. Electronic Monitoring is also sometimes used for JD youth as a supervision tool and to more closely monitor their behavior. These types of programs, used in conjunction with probation supervision, can help reduce the likelihood of the youth repeating their negative/illegal behavior and risk of placement.

5. Is the program capable of being replicated across multiple locations? Yes No

C. Program 1 Performance History (Refer to your municipality’s STSJP data files.)

1. What funding did this program receive in PY 2019-2020?
 None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2019 and 3/31/2020. Enter zero (0) if not applicable.

Approved Funding	Program Type								Total
	P	EI	ATD/ATPDP				ATP	R/A	
			(PINS)	(JO/JD)	(JD-RTA)	(AO)

STSJP-RTA	0	0			0	0	0	0	0
Total	0	0	0	0	0	0	36	0	36

3. Based on the program’s record of youth served (Q2), do you anticipate this program being over or under its budgeted capacity on 9/30/2020? Please explain:
 It is anticipated that the program will be under the budgeted capacity as the number of supervision and electronic monitoring cases have been lower than expected.

4. Please use the table to record the **average lengths of service (days)** for youth who exited the program between 10/1/2019 and 3/31/2020. Enter zero (0) if not applicable.

Approved Funding	Program Type							
	P	EI	ATD/ATPDP				ATP	R/A
			(PINS)	(JO/JD)	(JD-RTA)	(AO)		
STSJP	0.00	0.00	0.00	0.00	0.00	0.00	279	0
STSJP-RTA	0.00	0.00			0.00	0.00	0.00	0.00

5. How do the average lengths of service (Q4) compare to what you would expect for that point? For ATD/PDP and ATP points, compare with the average lengths of stay for youth who were in detention and residential placements during the same time period.
 As probation supervision periods are one year for JD and PINS adjudications, the average length of service is as expected. It typically requires almost the full year to engage the youth and address their needs in order to decrease their risk of recidivism.

6. Will this program’s outcomes meet the PY 2019-2020 projected goals by 9/30/2020?
 Yes (If yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2019-2020? (b) How will they be met?

8. (a) What outcomes are not on track to meet the goals set for PY 2019-2020? (b) Please describe any contributing barriers.
9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2020-2021?

This respite program will give youth ages 9-17, who are involved with probation (intake, supervision, etc.) the opportunity for a planned respite for up to 5 days at a time in a family foster home with support. This would benefit the youth and/or family by giving a break from their current living situation. This break will allow the youth time to become refocused and deescalate any potential volatile situations which could help avoid further involvement in the juvenile justice system. During this time the youth and their family would have an opportunity to "recharge" while maintaining safely in the community respite home. While involved in the program, the youth/family would have access to services provided by Cayuga Centers, including MST. The program would provide up to 10 nights of respite per month.

The Oswego City-County Youth Bureau has been working since before the onset of the pandemic to develop a new program to implement within the school system at the Oswego Middle School, to start. PROS has the ability to be a very effective way to deliver long-term, impactful and measurable outcomes to youth in our county. This program will allow for more long-term and measurable outcomes by way of different school tracking tools, as well as other youth development tools and frameworks. This new pilot program will address students from a more global and proactive standpoint. PROS will work with students in group and individual approaches, on areas of behavioral concern while in the school setting, as well as in proactive areas, assessing and skill building with them by way of developmental assets, internal and external strengths, supports and relationships, making positive

choices and avoidance of risky behaviors. PROS will also focus on growth mindset, mindfulness, social emotional learning and other areas and skillsets that are majorly impactful for students in a lifelong capacity. The program is being designed around the concepts of prevention, intervention, supported reentry, as well as the school district's cornerstones of respect, responsibility and relationships. School staff and administration will be selecting the high risk students in their building to participate in the PROS based on current and/or on-going disciplinary issues. The school will also select their at-risk students who they identify as benefitting from a focused and proactive program that offers them structure and the opportunity to develop positive skills and relationships with the goal of keeping them all from higher level program or juvenile justice system involvement. Program materials are researched based, most specifically in the areas of child and youth development as well as resilience and prevention research. By working in partnership with the school system, PROS will have a greater ability to ensure commitment and compliance with the program by youth, incorporate more meaningful parent involvement, create more opportunities for community education and involvement, and the ability to work within a system that can further track and demonstrate program impact and success. The Principal is committed and enthusiastic about the development of this partnership/program and subsequent success for its students. After some time when the program has reached a well-developed stride, it is the Youth Bureau's best hope to work to expand this program to middle school aged students county wide. STSJP funds would assist in covering the costs of the stipends needed for a school staff liaison to ensure the schools involvement with the program and its students to ensure continuity outside of specified program hours, some of the program coordinator's time, the cost of transportation to involve the students in different activities and field trips connecting and engaging them with the community and to identify opportunities beneficial to them, program curriculum materials, any new or necessary training for program coordinators that could further credential or provide important and relevant information to benefit the success of the program's curriculum and the students it serves, as well as food/snacks, as the program will operate, at times, outside of regular school hours.
